

USE OF GENDER WHEN BUILDING YOUR SCHEDULES in rSCHOOL

When scheduling in rSchoolToday, you must use the following gender designations when building your schedules. This is the ONLY way the data will be consistent when writing to schools' BigTeams sites and eventually the VHSL site. If you have used designations other than those shown below, you must correct them. Failure to do so will result in multiple postings of the same event(s). If you need assistance, contact support@rschooldtoday.com, or Joyce Sisson at the VHSL office (434-977-8475) jsisson@vhsl.org.

List of Activities	Gender Designation
